

“#1DayWorkWeek – Join The Revolution!”

Official Compensation Plan As of 5/28/2018

From the Desk of J. Joshua Beistle, CEO

The 1DayWorkWeek was forged out of marketplace necessity. 20 years ago, if you had a business and wanted more customers, all you had to do was call your local Yellow Pages and order a bigger ad. 10 years ago, the marketplace shifted, and it became strongly advisable to build a website or a blog. Today, because the internet has changed and society itself has changed, you **MUST** have systems in place to help automate your online business, “**Funnelize**” your marketing, and have the skills to drive targeted traffic on demand.

Our products and services have been carefully built from the ground up to help internet marketers, affiliate marketers and network marketers work more efficiently, get better results and most importantly – **GET BACK THEIR TIME!**

I have personally sold our products and services with **NO MENTION WHATSOEVER** of our affiliate/compensation plan. Since our products and services are consumable, exclusive and fill a much-needed void in the marketplace, affiliate programs based upon them offer lucrative ways to make legitimate income with actual products and services.

Understanding that **ABSOLUTELY ALL** commissions made in this program are based on the sale of our products and services and **NOT** recruiting is **CRUCIAL**. You do **NOT** earn commissions from recruiting other affiliates into 1DayWorkWeek. You can, however, earn Coded Bonuses on product sales from the affiliate organization you build here.

1DayWorkWeek affiliates are **NOT** required to purchase any of our commissionable products or services.

1DayWorkWeek customers are **NOT** required to participate in our optional affiliate program.

You can earn Fast Start Commissions and Personal Commissions beginning immediately – with **NO** personal, customer or team volume requirements. To earn Coded Bonuses through our Lightning Leverage Compensation Plan, you must be Powerline Qualified at the product level, which can be achieved through personal sales volume (PV), customer sales volume (CV) or team sales volume (TV).

Anyone who purchases 1) a commissionable product or service from 1DayWorkWeek **AND** 2) opts to join our optional affiliate program will be required to demonstrate that they already have a business other than 1DayWorkWeek (i.e. a network marketing company you are a distributor for, or an affiliate program such as clickbank.com; this will be known as your Primary Business) or are planning on starting a business other than 1DayWorkWeek. **BOTH** steps are required to take part in our commission structure. Customer volume and affiliate-to-customer ratio requirements must also be met.

Our copyrighted and proprietary Lightning Leverage Compensation Plan allows qualified affiliates to earn Coded Bonuses of \$15, \$25, \$50, \$80, \$300, \$700... even \$1,050 over and over to unlimited width and unlimited depth on an infinite number of Powerlines based on customer sales volume.

You can earn Coded Bonuses on personal sales and team sales. Thus, combined with Fast Start commissions you could earn up to \$1,400 on personally enrolled customers. (\$350 Fast Start + \$1,050 Coded Bonus)

There are 4 types of Powerlines: Starter Powerlines, Inner Circle Powerlines, Funnel Lifestyle Powerlines and Traffic Kings Powerlines.

Qualification for each type of Powerline is independent and is achieved through personal sales volume (PV), customer sales volume (CV) or team sales volume (TV) of that product type. For instance, only Inner Circle sales volume can be counted to help an affiliate become Inner Circle Powerline Qualified.

Once you become Powerline Qualified at the Starter or Inner Circle Level, monthly membership products, your PV or CV or TV that counted toward your initial qualification must be maintained or replaced. For example, if you enrolled two customers on the Inner Circle to become Inner Circle Powerline Qualified, you must make sure those customers remain active or replace them with new customers.

Each customer is assigned a Direct Sponsor to manage the flow of Fast Start Commissions and Personal Commissions and each customer is also assigned a Powerline Sponsor for each product type they purchase to manage the flow of Coded Bonuses that result from that product type.

Each affiliate (no purchase is required) that becomes Powerline Qualified is also assigned a Powerline Sponsor for each product type they become Powerline Qualified for to manage the flow of Coded Bonuses that result from that affiliate's future sales volume of that product type. No Coded Bonuses are earned from recruiting, only from product sales.

You become the Powerline Sponsor and earn the Coded Bonus on your **FIRST** customer sale after becoming Powerline Qualified at that product level.

Example: You become Inner Circle Powerline Qualified and enroll John Smith as an Inner Circle member. You are assigned as John Smith's "Inner Circle" Powerline Sponsor and earn the \$50 Coded Bonus because he is your **FIRST** customer at the Inner Circle level after becoming Inner Circle Powerline qualified. (plus, you earn another \$50 in Fast Start Commissions since you are John Smith's Direct Sponsor) Because Inner Circle is a monthly membership, you also earn all future monthly Coded Bonuses generated from John's Inner Circle Membership.

There are no "pass ups" in our system. If you are an active affiliate in good standing and you enroll a customer, YOU BECOME that customer's Direct Sponsor for the life of that customer.

Coded Bonuses on Personally Enrolled Customers: You will automatically become the Powerline Sponsor of your 1st, 3rd, 5th, 7th – 15th, 17th – 25th... (9 to you then 1 rolls up, and so on) personally enrolled customers at each product level you are Powerline Qualified for at the time the customer purchases that

product and you will earn the Coded Bonuses on those customers purchases. **YOU GET PAID!**
(and you GET PAID FIRST!)

Your 2nd, 4th, 6th, 16th, 26th every 10th thereafter personally sponsored customers (or rolled up customers) will be assigned a Powerline Sponsor from your upline to manage where the Coded Bonus is paid. (However, you will ALWAYS be your customer's Direct Sponsor and earn ALL the Fast Start Commissions and Personal Commissions on that customer if you and your personally sponsored customer remain active and in good standing).

Personally enrolled affiliates who become Powerline Qualified will also be assigned a Powerline Sponsor in similar fashion, if they land as your 1st or 3rd or 5th or 7th – 15th or 17th – 25th... (9 to you then 1 rolls up and so on) then you become their Powerline Sponsor, if they land as your 2nd or 4th or 6th or 16th or 26th (or any 10th thereafter) they will be assigned a Powerline Sponsor from your upline to manage where the Coded Bonuses are paid on their future sales volume.

Coded Bonuses on Customers from Personally Enrolled, Unqualified Affiliates: This is where the Lightning Leverage truly begins. Each affiliate that joins under you must work to become Powerline Qualified and to do that, they must bring your organization sales volume. Prior to becoming Powerline Qualified on a particular product level, their front-line sales of that product counts as YOUR customer for Coded Bonuses (they still earn Fast Start Commissions and personal commissions). So, if that customer falls in as one of your 1st or 3rd or 5th or 7th – 15th or 17th – 25th... (9 to you, then 1 rolls up and so on) then YOU become that customer's Powerline Sponsor and earn the initial Coded Bonus! **YOU GET PAID!**

Coded Bonuses on Customers from Personally Enrolled Powerline Qualified Affiliates: Once that affiliate becomes Powerline Qualified at a particular product level they are assigned a Powerline Sponsor to manage the flow of Coded Bonuses from their future sales volume. If they land on your 1st or 3rd or 5th or 7th – 15th or 17th – 25th... (9 to you, then 1 rolls up and so on) then you become their Powerline Sponsor for the product level they qualified for and the Coded Bonuses from their 2nd, 4th, 6th, 16th, 26th every 10th thereafter personally sponsored customers ROLL UP TO YOU FIRST and you will become that customer's Powerline Sponsor **YOU GET PAID!**

Or if that customer lands as your 2nd or 4th or 6th or 16th or 26th or any 10th thereafter they will qualify you (so you get paid on the next sale) and then roll upline.

Coded Bonuses on Customers from NOT Personally Enrolled Powerline Qualified Affiliates: Each affiliate in your organization that you become the Powerline Sponsor for will be rolling up their 2nd, 4th, 6th, 16th, 26th every 10th thereafter personally sponsored customers in your direction, and if you become that customer's Powerline Sponsor, then **YOU GET PAID!**

Each customer in your organization that you become the Powerline Sponsor for earns you Coded Bonuses and YOU GET PAID!

As you can see this happens FAST and is highly leveraged in that you can become the Powerline Sponsor for customers down infinite depth and each Powerline Qualified Affiliate may bring you other Qualified Affiliates who are rolling up Coded Bonuses to you!

Coded Bonuses From 4 Different Powerline Types: Another powerful feature of Lightning Leverage is the 4 types of Powerlines. If a customer in your organization purchases "All In" from an affiliate that is only Powerline Qualified at the "Inner Circle" Level, that customer may be coded with YOU as their Powerline Sponsor for both Funnel Lifestyle and Traffic Kings if you ARE qualified at those levels, so you just earned BOTH Coded Bonuses totaling \$1,000 – **YOU GET PAID!**

(the Powerline unqualified affiliate who referred this customer ALSO **STILL GOT PAID** - They received the Fast Start Commissions & the Personal Commission for that customer!)

Monthly Recurring Coded Bonuses from Starter Powerlines & Inner Circle Powerlines: If a customer is coded with you as their Powerline Sponsor on a product that pays monthly Coded Bonuses, you will ALWAYS get paid those monthly Coded Bonuses as long as they remain an active member on that subscription and you remain Powerline Qualified at that level. **YOU GET PAID OVER AND OVER!**

Important Note: If you are Inner Circle Powerline Qualified, you are AUTOMATICALLY Starter Powerline Qualified and are eligible for BOTH types of Coded Bonuses!

Affiliate Program and Participation

The Affiliate Program is optional and is not a product, but rather part of the administrative process. The Affiliate Program allows an individual who has chosen to participate to sell products and earn commissions on those product sales. Additionally, it gives the affiliate access to tools, marketing data, etc. and supplies an in-house merchant account for commission payouts. The monthly administrative fee is \$19.99 and will be billed every 30-days, until canceled by the affiliate. Additionally, the monthly fee is non-refundable. Only the initial payment of \$19.99 may be refunded within 30-days as established by the Refund Policy.

All subsequent monthly payments are non-refundable.

1DayWorkWeek reserves the right to change the membership fee at any time.

To achieve affiliate status, you must:

Be at least 18 years old;

Execute this affiliate agreement digitally in your back-office and agree to changes in this document as they arise;

Agree to our Terms of Service;

Activate your affiliate center with the monthly \$19.99 administrative fee. Generate the required product sales to activate the commission structure on EACH PRODUCT. This can be done by either:

- a) Purchase the product for your own personal use and maintain a subscription to that product if it has a monthly fee
- b) Generate one qualifying sale of that product. (Again, compensation for each product is activated separately.)

(If you have completed the other 2 steps to activate the commission structure, your affiliate application will be activated to begin receiving commissions under the compensation plan for that product with your first sale.)

The compensation plan is initiated when a product is activated either through personal use or product sale; **you receive no benefit for referring or recruiting affiliates.**

It should be noted that if the product in question is a monthly subscription, you must maintain that subscription either through purchasing it for your own personal use or maintaining one active member subscription. You will then be activated to participate in the full commission structure with your next sale of that product and receive commissions immediately.

Many affiliates choose to purchase the product for their own personal use, to help them promote their own business outside of 1DayWorkWeek and to aid them in understanding the value and sales message. However, purchasing a product is not required to activate a compensation plan on any 1DayWorkWeek system or product.

IMPORTANT NOTE: 1DayWorkWeek operates on a principle where your customers make payments directly through an approved payment method. To participate in the 1DayWorkWeek Compensation Plan, you have to activate one or more methods of receiving payment in the profile area of your back-office.

Please note: If any of the above requirements are not met, you will not qualify to receive commissions for that particular product/or any of them, depending on which step is missed, (Example: it is not possible to be paid without an activated payment method), you will not qualify under the commission plan for that product, and all commissions and powerline sales will pass over you to the next qualifying affiliate. If you have purchased a product, and do not meet any of the rest of the criteria, you will be classified as a “customer only” and all commissions and affiliate powerlines will be assigned to the next active referring affiliate.

Payment Schedule and Processing Fees

Commissions shall be paid based on the current information found in your affiliate account. “Pending” commissions are paid weekly on the Friday two weeks after the sale. Our merchant processor holds 10% of each sale in reserve. This is the “Holdback” portion of your commissions. They are paid once our merchant processor releases the hold after 6-8 months to affiliates who are active, remain volume qualified and are in good standing.

Fees incurred are paid by 1DayWorkWeek and are not deducted from your commissions. These fees include:

Processing fee of 6.35% of the sale price

Per Transaction fee of 79 cents

Any fees associated with refunds or chargebacks will be paid by the affiliate receiving the commission on the product sale that is subject to a refund or chargeback.

Refunds and Chargebacks

1DayWorkWeek pays commissions on the sale of products and services. If a member requests a refund or charges back (i.e., notifies their credit card company that the charge was not authorized) any time after commissions have been paid, the company is put in a position of using sales that it did not truly make for purposes of calculating commissions. When this occurs, 1DayWorkWeek will draw back commissions from the next commission payment and apply any fees associated with the refund or chargeback.

We want you, your customers and your prospects to feel comfortable about transacting business with 1DayWorkWeek. Due to the accessibility of our products immediately upon purchase, there is a strict 30-day refund policy, which begins on the date of initial purchase. However, please be aware that credit card companies permit customers to file chargebacks for up to 4-6 months after purchase. 1DayWorkWeek’s customer support center does everything possible to prevent such incidences.
